

# COVID-19 PANDEMIC CONTINGENCY PLAN

## LH PILOT ON BOARD!

Dear Master,

In a few hours a Pilot from Le Havre will board your ship. First of all, we are pleased to welcome you in our port. Due to the COVID-19 pandemic situation in Europe we inform you the following:

- LH Pilot Station has adopted a Continue Activity Plan. So, we are still fully fledged operational.
- LH Pilot Station strictly applies French government health measures recommendations.
- To insure a good sanitary chain from our office to your ship and to protect each other, we have instructed our pilots and crew to follow the existing guidelines on COVID-19 infection prevention measures, such as:
  - ✓ Pilot boats are systematically disinfected after each trip.
  - ✓ Wash hands frequently with an alcohol-based rub or soap and water.
  - ✓ When coughing/sneezing, to cover mouth/nose with the bend of elbow.
  - ✓ To monitor their body temperature frequently and any other symptoms known.
- When pilot boarding:
  - ✓ Pilot will be pleased to wear a mask if you provide him with.
  - ✓ Try to arrange for the pilot to be alone in the lift if available.
  - ✓ Maintain a safe distance of minimum 1m, except for emergency case.

Best regards,  
The President  
P. PEREIRA
